

# This Week At QJS October 9, 2020

---

*Where we Live, Laugh and Learn the way of our Nations*      *Responsibility, Respect, Cooperation, Kindness*

**QJS Parking Lot** ~ it's a crowded space for sure, you might consider arranging to pick up and drop off at the Maple Park Mall. If you are coming into the lot please move through and drop-off/pick up at the north end so we are not blocking bus entry or exit.

## Culinary Arts in Action

*Served with a Smile*

**Piping Hot Pumpkin Muffins**

**Cross-Country Running** ~ we had our first meeting and, will special safety routines in place, students will begin training soon. It is not too late for your child to sign up.

Put October 19, 6:00 p.m. on your Calendar

\* Please call the office (250-747-2103) to register so we can plan for safe physical distancing. We will sign in, sanitize, wear masks, and be physically distant during the time we are in the school. Unfortunately we cannot offer child minding at this time.

Fun Times in Drama Tech

**Closed Campus**—Let's reduce the confusion: Parents may pick up their children any time. Please sign them out at the office (call 250-747-2103). Otherwise they stay on campus. No permission to go away during the school day, unless students are with their family. We take our responsibility, to keep you children safe, seriously.

## Special Event for Parents and Families

October 21<sup>st</sup>

Film: 6:30 with a panel discussion immediately following event

Are you watching kids scroll through life, with their rapid-fire thumbs and a six-second attention span? Physician and filmmaker Delaney Ruston saw that with her own kids and learned that the average kid spends 6.5 hours a day looking at screens. She wondered about the impact of all this time and about the friction occurring in homes and schools around negotiating screen time—friction she knew all too well.

In *SCREENAGERS*, as with her award-winning documentaries on mental health, Delaney takes a deeply personal approach as she probes into the vulnerable corners of family life, including her own, to explore struggles over social media, video games, academics and internet addiction. Through poignant, and unexpectedly funny stories, along with surprising insights from authors, psychologists, and brain scientists, *SCREENAGERS* reveals how tech time impacts kids' development and offers solutions on how adults can empower kids to best navigate the digital world and find balance.

Recommended Age: 10 and older
